

Yes! One Person CAN Make a Difference!

November 7, 2018

In 2017, Tim visited Honduras and asked us "What can I do?" We brought him to visit some of the families who are benefitting from our micronutrient supplement program.

In the photo above, Tim is visiting Iris in her home with her two children. He was so moved by what he saw, that he became a faithful supporter of the program.

Two weeks ago, Tim asked us what we needed to finish the year for the nutrition project. We told him that we needed \$12,000.

A week later, we received a check from Tim for \$12,000!!

Not everyone is able to be as generous as Tim has been. But, everyone CAN make a difference. As Paul always said: *"Even a gift of \$12 a month will make a difference."*

What can YOU do today?
